The screenshot shows the MongoDB Compass web interface. On the left, a sidebar displays the 'Connections' list with 'ite5315-sr.l3zkx.mongodb.net' selected. Below it, the 'Database' is 'PeopleData' and the 'Collection' is 'Information'. The main area shows a list of documents in the 'Documents' tab. The query editor at the top contains the query: `{ field: 'value' } or generate_query`. The documents list shows six entries, each with fields: `_id`, `name`, `age`, and `email`.

_id	name	age	email
